Mrs. Holmes,

Sorry for taking so long in responding to this.

I would be remiss if I did not say that for as many as 18 months Gay has advocated for many parents of Maupin thru Dear JCPS at the request of those parents, to include myself. The PTA was also asked last year to try and get her to come to one of the PTA meetings to inform parents how we can better advocate for ourselves. But due to when parents could attend they ended up meeting up with her at a Dear JCPS meeting instead.

In any instance I've had, or know of with Gay or Dear JCPS she has always asked if she may quote me, refer to something I said, or if she may advocate on my behalf. In an effort to explain, she may have been advocating for parents who had asked or had given her permission to.

As for her being at Maupin that day, she was there to talk about the fundraiser and she did.

Very Respectfully,
[REDACTED]

Happy Connecting. Sent from my Sprint Samsung Galaxy S® 5

Immediately following the PTA meeting on Tues., Ms. Adelman was filmed by WHAS in front of Maupin and was identified as a parent (along with another woman who does not have children attending Maupin). She then spoke toward issues related to our school. It appeared to me that she attended our meeting under false pretenses and with ulterior motives, as she then made non-PTA endorsed comments. That same evening she went to the JCBE meeting to ask for Dr. Hargens to resign, (not as a representative of PTA). Due to her actions on Tuesday, I communicated with Mr. Kesler that I felt she violated our trust. He was responsive and communicated my concern to Heather Wampler and she responded below.

Mr. Kesler continues to be an outspoken advocate for Maupin and our PTA and I am appreciative of his support. I wanted you and other attendees of the meeting to be aware of my request and why. If you have questions, don't hesitate to ask. Thanks for your continued focus on the needs of the children at Maupin.

Thanks

Ms. Holmes,

First I want to thank you for inviting 15th District PTA into your school to help with Maupin's PTA. Mr. Kesler has been keeping me updated. I have spoken with Gay Adelman and she will NO LONGER be representing 15th District PTA at Maupin for your PTA or Platinum Royalties. My apologies for any difficulty this has caused you.

For your launch and assistance during the fundraiser you will have the help of Mr. Kesler, myself and Platinum Royalties. We look forward to this great opportunity for your school.

Sincerely,

Heather Wampler, 15th District PTA President (July 1, 2015 to June 30, 2017)

FYI- though it was not I, who invited Ms. Adelman to our PTA meeting, in fact didn't even know she was coming, I spoke with Mr. Kessler to share my disappointment that she came to Maupin under false pretenses. When WHAS identified her as a parent with Maupin as a backdrop, and she spoke about school issues, it was a misrepresentation and disingenuous on her part to attend our PTA meeting with an ulterior motive.

Subject: On behalf of Supt, Hargens - HB 151 Neighborhood Schools Bill Analysis

Dear Heather,

On behalf of Superintendent Hargens, I wanted to share with you the most up-to-date information regarding the impact of HB 151/GA, the Neighborhood Schools Bill.

Please share with the PTA Leadership Team and members, and others, as appropriate.

- **Summary Analysis HB 151 GA** - Attached is an updated summary of the bill, which reflects the amendments added by the House, and includes additional data analysis.
- **HB 151 Diversity Analysis** - Attached is an analysis of the impact of HB 151/GA on diversity by race and income. It shows demographic information for schools based on current enrollment and projected enrollment under HB151. Overall, it shows that the number of students attending high poverty and high minority non-magnet schools would increase.
- Currently, JCPS has 19,262 students who attend schools with greater than 80% free/reduced price lunch population. Under the proposed HB151, there would be 22,704 students attending those same schools (an increase of 3,442).
- Likewise, there are 7,348 students who attend schools with greater than 80% non-minority students. Under the proposed HB151, there would be 8,728 students attending those same schools (an increase of 1,380).
- Additionally, there are currently 12 non-magnet schools who are out of the diversity index. Under the proposed HB151, there would be 40 schools out of the diversity index.
- Currently, there is not a single school who doesn't serve a category 1 student. Under the proposed HB151, there would be 45 schools who served zero category 1 students.
- **Maps** - We have created maps for all schools <https://www.jefferson.kyschools.us/hb-151hcs>
Each school has two maps; a "Current Map" and a "Proposed Map":
- "Current Map" - The green dots represent the current students who would continue to go to the school they attend. The red dots represent the current students who would be placed at another school.
- "Proposed Map" – Shows the students who would be placed in the school (includes some current student and some students gained from other schools)
Note: HB 151 prohibits students from being displaced from the school they currently attend. These maps use current student data to model the impact – no current students would be required to change schools)

We continue to work with legislators to amend language to address the concerns we have regarding this legislation and its impact on the students and families of JCPS.

Sincerely,

Jonathan

PLATINUM ROYALTIES & FUNDRAISING

- Platinum Royalties works with organizations that wish to sell our Platinum Royalties Deal Card as a Fundraising tool for their specific organization;
- Through our Fundraising Program, your organization has the opportunity to raise as much MONEY AS YOU NEED at absolutely NO RISK!;
- We also give your organization the opportunity to customize make your own Platinum Royalties Deal Card.

Fundraising Step by Step

Step 1: Create your goal

Arrange a fundraising timeframe with Platinum Royalties to estimate the amount of Platinum Royalties Deal Cards your organization would like to sell.

Step 2: Be unique

If your organization wishes to have customized cards, provide a \$500 deposit for the printing/design fee. This \$500 will come directly back to you once the initial sales of the cards begins. (Ex: Your organization keeps all money collected from selling the Platinum Royalties Deal Card until you have received that \$500 back.)

Step 3: Fundraising begins

Once you have received your Platinum Royalties Deal Cards your organization can decide to sell those cards for \$20.00 to \$30.00. As a company, Platinum Royalties only wants a return of \$10.00 for each card sold. **YOU KEEP THE REST!!**

WHAT CAN A FUNDRAISER WITH PLATINUM ROYALTIES DO FOR YOUR ORGANIZATION? FINANCIAL BREAKDOWN EXAMPLE

- School ABC and Platinum Royalties arrange a Fundraiser for all the athletic team's at the school;
- School ABC's Athletic Director accounts that the school holds 1,000 Student athletes and estimates that each student athlete can be responsible to sell 10 cards at \$30.00 each to Family, Friends, and School Staff;
- Platinum Royalties will receive \$10.00 from each card sold, while School ABC keeps the remaining \$20.00 for each card sold;
- School ABC's proceeds would be as follows:

$$1000 \times 10 \times \$20.00$$

(STUDENTS (CARDS SOLD (PER CARD)
-ATHLETES) BY EACH)

$$= \$200,000.00$$

Dear Board Members:

This letter confirms the Pine Bush Elementary Parent Teacher Association's ("PBE PTA") partnership with Platinum Royalties for the 2016/2017 school year. Platinum Royalties and their owner Joshua provides unique fundraising opportunities by offering a purchasing card discount program that is fully customizable, partners with thousands of global and national vendors across all industries, and is accompanied by a free mobile app. Platinum Royalties is a Gold Sponsor of the NYS PTA and a 501(c)3 tax-exempt organization. Their mission is to promote local businesses, raise capital for local PTA organizations, and donate to charity. My experience with the Founder Joshua and Platinum Royalties has been nothing short of exceptional and very professional. I would highly recommend your board give them the opportunity to help you fundraise for your school and board.

Our Mission: "The Pine Bush Elementary PTA's purpose is to positively impact the lives of all students, families, and faculty members by aligning PBE's goals and initiatives and empowering our members with skills in advocacy, leadership, and communication."

The PBE PTA raises capital to promote advocacy for our children by promoting events throughout the year that support:

- Pick a Reading Partner ("PARP") - Child literacy
- Red Ribbon Week - promote drug free children
- Diversity Week - celebrate diverse cultures and nationalities
- Running Club - health and fitness
- Food Pantry - this is on-going and supports our entire Pine Bush Community, not just PBE

Platinum Royalties will add vendor sponsors, in addition to supporting the PBE PTA, they will also receive a unique opportunity to promote your local business by receiving free marketing and advertising and increased visibility and transparency to your customers on a global platform that is risk free and instantaneous.

The benefits are boundless and mutual to all and the technology is one of a kind. I would highly recommend giving Platinum Royalties an opportunity to add your board to their family.

Sincerely,

Gina Rubino

Mrs. Holmes,

Sorry for taking so long in responding to this.

I would be remiss if I did not say that for as many as 18 months Gay has advocated for many parents of Maupin thru Dear JCPS at the request of those parents, to include myself. The PTA was also asked last year to try and get her to come to one of the PTA meetings to inform parents how we can better advocate for ourselves. But due to when parents could attend they ended up meeting up with her at a Dear JCPS meeting instead.

In any instance I've had, or know of with Gay or Dear JCPS she has always asked if she may quote me, refer to something I said, or if she may advocate on my behalf. In an effort to explain, she may have been advocating for parents who had asked or had given her permission to.

As for her being at Maupin that day, she was there to talk about the fundraiser and she did.

Very Respectfully,
[REDACTED]

Immediately following the PTA meeting on Tues., Ms. Adelman was filmed by WHAS in front of Maupin and was identified as a parent (along with another woman who does not have children attending Maupin). She then spoke toward issues related to our school. It appeared to me that she attended our meeting under false pretenses and with ulterior motives, as she then made non-PTA endorsed comments. That same evening she went to the JCBE meeting to ask for Dr. Hargens to resign, (not as a representative of PTA). Due to her actions on Tuesday, I communicated with Mr. Kesler that I felt she violated our trust. He was responsive and communicated my concern to Heather Wampler and she responded below.

Mr. Kesler continues to be an outspoken advocate for Maupin and our PTA and I am appreciative of his support. I wanted you and other attendees of the meeting to be aware of my request and why. If you have questions, don't hesitate to ask. Thanks for your continued focus on the needs of the children at Maupin.

Thanks

Ms. Holmes,

First I want to thank you for inviting 15th District PTA into your school to help with Maupin's PTA. Mr. Kesler has been keeping me updated. I have spoken with Gay Adelman and she will NO LONGER be representing 15th District PTA at Maupin for your PTA or Platinum Royalties. My apologies for any difficulty this has caused you.

For your launch and assistance during the fundraiser you will have the help of Mr. Kesler, myself and Platinum Royalties. We look forward to this great opportunity for your school.

Sincerely,

Subject: Tell Senators to vote no on HB151!

At Dear JCPS, we agree that changes to the district's student assignment plan are long overdue. However, HB151 is not the right approach and will cause more harm than good. Contact your senator today and stop this bill before it becomes law!

Dear JCPS has been asking JCPS school board and administrators to revisit student assignment to look for ways that our district could reduce unnecessary busing without sacrificing much-lauded diversity, opportunity, equity and choice that make our district great. In September, board members were provided with an updated report on student assignment during a [work session](#), which gave a proposed timeline for reviewing the district's current plan, which is already in the works, with possible revisions to submitted for board approval in June.

Unfortunately, HB151 will upend all of those efforts currently underway, and will tie our school board's hands from making improvements going forward. Furthermore, this over-reaching bill will preclude them from creating any new magnet schools, and put everything we've accomplished over the last decade or more at risk. Not to mention, it will place undue stress on the school district to build new schools in areas where neighborhood schools do not exist, without providing any of the badly needed funds to accomplish this task.

Tell Senators to Vote NO on HB151!

[HB151](#) (with an [amendment](#) that adds an exemption for charter schools and magnet schools) has already passed the House and is now on to the Senate. This bill is wrong for JCPS students and families. It will "blow up" our district's

existing student assignment plan, giving charters an unfair advantage over public schools by ending our district's most successful features, such as diversity and choice, and will put our beloved magnet programs at risk. It will create a great deal of uncertainty for families, will resegregate our schools and will harm our most vulnerable students the most.

From WDRB Toni Konz: [SUNDAY EDITION | For JCPS, 'neighborhood schools' bill would force big changes, unforeseen consequences](#)

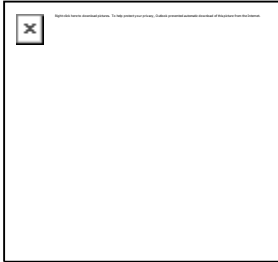

Schools with [magnet programs](#) are not protected by this bill, and therefore these programs would be at risk if those schools fill up with resides students. Magnet programs (not to be confused with magnet schools) often increase diversity and school success because they are able to "attract" students to high poverty/low-performing schools in the West and South End. Magnet programs in areas where schools have been shuttered over the years will no longer have seats available, therefore exacerbating the concentrations of poverty and segregation in those areas. And it won't even accomplish a reduction in busing legislators promise, since many students will still have to be bused to the second or third closest school, as the ones closest to them will be full!

The unintended consequences from this poorly researched and overreaching bill will be devastating. Our community has an elected school board, with a brand new board chair, and we need to work with them to devise the best student assignment plan, not leave this decision up to legislators in Frankfort, who often do not have kids in our public schools and who do not understand how this bill will impact students in Jefferson county.

House Bill 151: Understanding Its Impact on JCPS

On Feb. 22, the Jefferson County Board of Education (JCBE) discussed the impact of House Bill (HB) 151 related to neighborhood schools.

Based on district modeling, if the bill passed as currently written, only about half of all JCPS high school students, about 38 percent of middle school students, and about 34 percent of elementary school students live close enough to their current school that they would have been accepted there.

These [current and proposed](#) student school map models highlight this impact.

On each of the current maps, green dots represent current students who live close enough that they could have attended this school. However, red dots represent current students who could have been placed at other schools.

Here's what HB 151 would do:

- Permit a child to enroll in the school nearest to his or her home, except if that school has academic/skill prerequisites or is currently a traditional school;
- Give first priority to students residing the shortest travel distance to a school when the capacity of the school is exceeded;
- If a student is denied attendance at the school closest to his or her home, give the student priority to attend the next-closest school;
- Prohibit a student currently attending a school from being displaced;
- Permit a student to attend a school other than the one closest, if there is capacity and if:
 - He or she meets academic or skill prerequisites;
 - He or she was admitted to a traditional school; or
 - The student is already attending the school.
- Establish implementation in 2019-20; and
- Require at least two school districts to testify before the Interim Joint Committee on Education during the 2018 Interim.

Based on data, we know HB 151 would have a far-reaching impact with significant unintended consequences, creating serious disruptions for JCPS families.

HB 151 would change the JCPS student assignment plan so that there would be:

- **Less certainty**—Significantly reducing certainty for families about which school their child would attend.
- **Less equity**—Reducing access to high-performing schools and schools with special programs for students who live farther away from those schools.
- **Less diversity**—Creating more schools that are more segregated by race and income.
- **Lower student achievement**—Sending more students to schools with high concentrations of poverty, where low-income students do less well.

Mrs. Holmes,

Sorry for taking so long in responding to this.

I would be remiss if I did not say that for as many as 18 months Gay has advocated for many parents of Maupin thru Dear JCPS at the request of those parents, to include myself. The PTA was also asked last year to try and get her to come to one of the PTA meetings to inform parents how we can better advocate for ourselves. But due to when parents could attend they ended up meeting up with her at a Dear JCPS meeting instead.

In any instance I've had, or know of with Gay or Dear JCPS she has always asked if she may quote me, refer to something I said, or if she may advocate on my behalf. In an effort to explain, she may have been advocating for parents who had asked or had given her permission to.

As for her being at Maupin that day, she was there to talk about the fundraiser and she did.

Very Respectfully,
[REDACTED]

Immediately following the PTA meeting on Tues., Ms. Adelman was filmed by WHAS in front of Maupin and was identified as a parent (along with another woman who does not have children attending Maupin). She then spoke toward issues related to our school. It appeared to me that she attended our meeting under false pretenses and with ulterior motives, as she then made non-PTA endorsed comments. That same evening she went to the JCBE meeting to ask for Dr. Hargens to resign, (not as a representative of PTA). Due to her actions on Tuesday, I communicated with Mr. Kesler that I felt she violated our trust. He was responsive and communicated my concern to Heather Wampler and she responded below.

Mr. Kesler continues to be an outspoken advocate for Maupin and our PTA and I am appreciative of his support. I wanted you and other attendees of the meeting to be aware of my request and why. If you have questions, don't hesitate to ask. Thanks for your continued focus on the needs of the children at Maupin.

Thanks

Ms. Holmes,

First I want to thank you for inviting 15th District PTA into your school to help with Maupin's PTA. Mr. Kesler has been keeping me updated. I have spoken with Gay Adelman and she will NO LONGER be representing 15th District PTA at Maupin for your PTA or Platinum Royalties. My apologies for any difficulty this has caused you.

For your launch and assistance during the fundraiser you will have the help of Mr. Kesler, myself and Platinum Royalties. We look forward to this great opportunity for your school.

Sincerely,

Heather Wampler, 15th District PTA President (July 1, 2015 to June 30, 2017)
